**JOINT STATUS REPORT**

Pursuant to the Court's August 5, 2024 Order (Dkt. 112), the Plaintiffs and The Boeing Company are filing this Joint Status Report on the status of the settlements in this litigation.

As previously reported, all of the claims in the litigation have settled. The parties have made substantial progress in finalizing those settlements. After obtaining the necessary documents and information from the plaintiffs and other beneficiaries, who are scattered across Indonesia, the parties have negotiated, finalized, and translated releases for all but two of the settlements. In those two settlements, the parties are still conferring and working with Indonesian authorities to assess who the valid heirs are. The parties anticipate that these issues will be resolved within the next few weeks and that the remaining two releases will be finalized shortly thereafter.

Plaintiffs have already provided seventeen executed releases to Boeing, and the Court has approved four of those settlements and dismissed the related claims. The parties anticipate filing motions to approve the other thirteen settlements for which they have executed releases and dismiss the related claims shortly.

Plaintiffs' counsel are also working with their clients in Indonesia to execute the remaining finalized releases. Plaintiffs believe that in 30 days they will have most, if not all of the releases

fully executed. As those releases are executed, the parties will move for court approval of the settlements and dismissal of the related claims.

To give them additional time to finalize the settlements, the parties ask that the court order the parties to submit a joint status report in 45 days, updating the Court on the status of the settlements. In the meantime, as the parties continue to finalize the settlement documents, they will submit motions to approve the settlements and dismiss the claims of the plaintiffs whose settlements are finalized.

Respectfully submitted,
